ACME TECH CORP - Q3 FINANCIAL REPORT

Unaudited Operational & Revenue Breakdown (FY 2024)

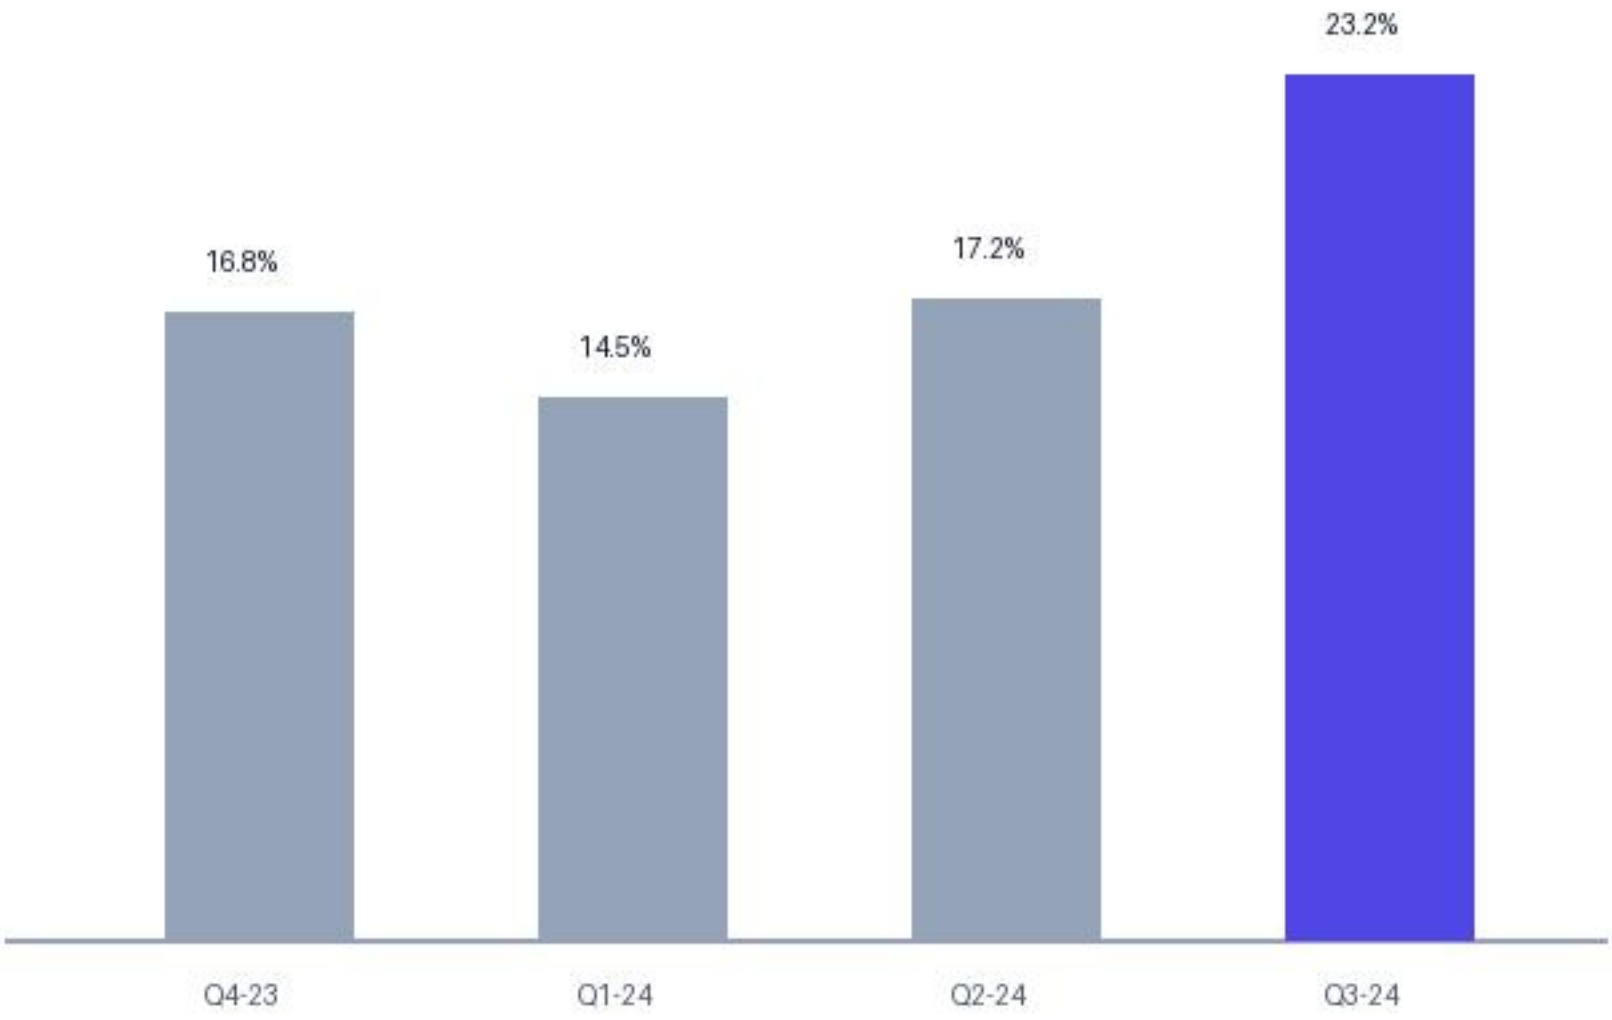

Executive Summary:

Q3 marked strong margin expansion driven by enterprise cloud contracts and higher regulatory credit recognition. Operating cash flow surged by 34% year-over-year. Supply chain efficiencies and regional manufacturing offset freight pressures.

Financial Metric ($M)	Q3 2023	Q3 2024	YoY Change
Subscription Revenue	$3,120	$4,410	+41.3%
Hardware & Systems	$2,850	$2,990	+4.9%
Regulatory Credits	$280	$715	+155.4%
Operating Income	$1,150	$1,890	+64.3%
Operating Margin	18.5%	23.2%	+470 bps

* Note: Regulatory credits surged by +155.4% to $715M due to automotive milestones.

Operating Margin Trend FY23-FY24 (%)

Key Takeaway: Operating margin reached 23.2% in Q3-24, reversing previous declines.
